Dear Bowden House School,

We are delighted to inform you that your school has been approved as a Team London Young Ambassador Accredited School.

We read your application with great interest and we are incredibly impressed with your commitment to youth social action and with how involved the pupils are in the decision-making of the school. It was great to read about your anti-bullying and food committee. They clearly do so much to benefit the school and wider community. This accreditation is a clear testament to all of the hard work that your school has invested in supporting your students to partake in volunteering/social action and we would like to thank you on behalf of the Mayor of London, Sadiq Khan, for your contributions in making London even better.

The Team London Young Ambassadors programme, the Mayor's volunteering schools programme, has been connecting young Londoners with their local community through volunteering since 2013. The programme, delivered in partnership with the charity WE, has engaged with over 2,100 schools across London and as an Accredited School you will now be able to access the following benefits as part of this programme:

- Your school will be eligible to be nominated for a Team London Award;
- The opportunity to attend WE Day UK at the SSE Wembley Arena;
- The opportunity to win tickets to sporting and cultural events supported by the Mayor of London;
- The opportunity to showcase your school and activities through Team London and Mayor of London communications;
- Through our delivery partner WE, you will have access to educational resources, a WE Schools kit, and year round support with your WE Schools coordinator.

We hope that you are able to take advantage of the opportunities available through the Team London Young Ambassadors programme. We look forward to continuing to hear about the fantastic volunteering that your students are involved with in your local community.

If you wish to speak with a member of the WE team, please contact: teamlondon@we.org.

Kind regards,
